

2019 Open Enrollment

Understanding the Deductible & Out-of-Pocket Maximum

Health Insurance Benefits

Medical Plan | Aetna

Rising healthcare costs have impacted TM Track Machines' medical plan. As a result, there was a significant premium increase from our carrier which will raise the premium for all levels of coverage for 2019. We will keep the same streamlined, high-deductible health plan with Aetna and there will be no changes to deductibles or plan design.

TM Track Machines will continue to fund the 2nd half of your deductible through our company-paid health reimbursement account (HRA) administered by Mid-American Benefits.

Health Savings Account (HSA) | Optum Bank

Employees who participate in the medical plan have the opportunity to contribute to a health savings account (HSA) offered through Optum. An HSA is an individually-owned, tax-advantaged account that is used to pay for routine medical expenses either now or in the future. Unused funds and interest are carried over, without limit, from year to year. You own the HSA and it is yours to keep – even if you change jobs, health plans, or retire.

We encourage employees to establish an HSA by providing a one-time initial employer contribution as well as a dollar-for-dollar match up to an annual maximum.

- Employee Only Coverage: Employer contribution of \$100 when you open your account, plus earn up to \$300 through employer match each year.
- Employee + Dependent(s) Coverage: Employer contribution of \$150 when you open your account, plus earn up to \$600 through employer match each year.

For 2019, the annual contribution limits set by the government are \$3,500 for individuals and \$7,000 for families. You may change your HSA election at any time throughout the year on your SynCHR employee portal.

Affordable Care Act (ACA) Reminder

Starting with the 2019 plan year (for which you'll file taxes in April 2020), the Shared Responsibility Payment no longer applies.

If you're 30 or older and want a "Catastrophic" health plan, you may want to apply for an exemption.
